BELLEVILLE BRANCH.

ROBERTSON'S BLOCK, Front Street. COODS SOLD DIRECT TO THE PEOPLE AT WHOLESALE PRICE. The Only Business in Canada conducted on the same principle.

Over \$200,000 worth of Boots and Shoes so supplied last year. THE great loss annually austained by salling to Dealers, first led to our establishing of cold manufactors, where we could supply direct to the people for each, all the goods we could manufactor. Thus giving to the people the goods less the Dealers' proft, and away to converte the annual loss. We were the more forcibly impressed into this step from the fact that chape Learn made shodly goods were being palmed off as our goods. We now all our own goods, warrant what we sail, use no shodly or inferior material of any leaf,—and can and do supply goods of the being unity 20 for cont. less than they can be bregisted.
